## Quality and material

### Colour

Furniture with colour finish has an evenly attractive, hard-wearing surface.

### Solid wood furniture

Real wood furniture is durable and keeps its value. The surface is always unique, giving each piece of furniture an individual charm. The solid wood we use comes from controlled forestry operations in the EU and North America. In our European oak, small and large knots and knot cracks are natural characteristics of solid wood and do not represent a quality defect. Open knots (except for hairline cracks) are filled with wood colour on the door fronts. Knots on the back of the doors remain natural and untreated.

### Load-bearing capacity

The load limits for all furniture and extras can be found in the load table at:  
[www.rauchmoebel.de/unternehmen/qualitaet-amp-umwelt.html](http://www.rauchmoebel.de/unternehmen/qualitaet-amp-umwelt.html)

### The „Blue Angel“

Das Umweltzeichen der Bundesregierung für emissionsarme und gesundheitlich unbedenkliche Möbel.  
Articles covered with textiles or artificial leather are excluded.

## Award-winning and certified
